

# Wilcox Road and Wilcox Close

Update March 2011

*Wilcox Road: Sketch view of New Square*

## Improvement works

Over the next six months and on behalf of Lambeth Council, FM Conway will be improving the public realm along Wilcox Road and Wilcox Close.

The scheme will see the footway renewed with improved paving, with feature granite, the carriageway will be resurfaced but the cobbles will be retained as a character feature, the lighting will be improved, new and better trees will be planted, improved benches and bins will be placed, and the commercial bins will be placed in a store.

Full details of the improvements are detailed on the back page of this leaflet.

Work has already begun, with signs and fencing being erected. It is planned to replace the footway and kerb lines in three phases, from the Wandsworth Road end of Wilcox Road eastwards, leaving one side of the pavement open at all times.

The carriageway will be excavated and renewed from mid-March until June. Wilcox Road will therefore be closed but servicing will be available from either the Wandsworth Road or Hartington Road end of Wilcox Road and all services such as refuse collection will continue on the current schedule.

Stockwell Road, London, SW9 9SP

## Works to be carried out

- Renewing the footway along Wilcox Road with improved concrete paving, with feature granite strips at intervals along it;
- Renewing the footway along Wilcox Close, including the new feature granite strips;
- Resurfacing the carriageway along Wilcox Road but retaining the cobbles as a character feature;
- Repairing all the drainage along Wilcox Road and Close;
- Removal of unnecessary street furniture such as redundant guard rails;
- Improving the lighting along both roads;
- Planting new and better trees and planting along both roads;
- Installing better street furniture such as improved benches and bins along both roads
- Placing the commercial bins in a new store on Wilcox Road;
- New cycle parking provision at appropriate locations;
- Parking to be made parallel to the street, giving more footway room for pedestrians along Wilcox Road;
- Creating easier crossing points across Wilcox Road for mobility impaired users of the road; and
- Replacing the near-derelict brick bin store on Wilcox Close near South Lambeth Road with soft landscap-
